**9401, 9405, 9430, 9455**

**COOLING COIL ANTI-FOULANT  
CONTINUOUSLY PROTECTS COILS  
FROM FOULING CAUSED BY  
AIRBORNE PARTICULATE AND OTHER  
CONTAMINANTS – FOR UP TO 2-3 YEARS**

- ✓ Contains Preservatives That Protect It From Deterioration Caused By Mold And Bacterial Growth Common In Air Conditioning Units
- ✓ Eliminates Foul Odors At Their Source
- ✓ Improves Indoor Air Quality (IAQ)

**CAUTION:** KEEP OUT OF REACH OF CHILDREN. SEE SIDE PANELS FOR ADDITIONAL PRECAUTIONARY AND FIRST AID STATEMENTS

**CAUTION:** Splash goggles are recommended.

**FIRST AID:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation develops or persists: Get medical advice/attention. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/doctor if you feel unwell. IF ON SKIN: Wash with plenty of soap and water. Take off contaminated clothing and wash it before reuse. If skin irritation occurs: Get medical advice/attention. IF SWALLOWED: Immediately call a POISON CENTER/doctor. Do NOT induce vomiting.

Contains [CAS]:Acrylic polymer(s) [non-hazardous], Dipropylene glycol methyl ether [34590-94-8].

Read entire label and **Safety Data Sheet** before use. Use only according to directions. Shake well before use. For best results apply with a garden or hand type sprayer adjusted to a fine mist. Use enough STAY-CLEAN to dampen entire coil surface. Coil must be thoroughly cleaned and DRY before application. PRE-CLEAN is ideal for cleaning coil prior to treatment as it is manufactured to be compatible with STAY-CLEAN. Drying of coil can be accelerated by running the fan only. Allow at least 30 minutes for STAY-CLEAN to cure before putting system back on line. Clean spraying equipment with water.

**DIRECTIONS FOR USE:**

1. Shake well before use
2. Clean and dry coil thoroughly.
3. If possible spray coil from intake side and leave air flow on to aid complete coil penetration. Use a fine mist and spray lightly to avoid bridging the coating between fins.
4. Allow at least 30 minutes cure time before putting system back on line.
5. STAY-CLEAN is a water based product. Keep it out of contactors, motors, etc.
